I. RISK DISCLOSURE STATEMENT

Lighthouse Capital Group ("LCG") is registered with the Securities and Exchange Commission and the Nigerian Stock Exchange to carry on business as a broker-dealer. The Client should be aware that there are always significant risks involved when investing in securities in the capital market. Generally, securities investments are only suitable for investors who fully understand and appreciate the risks involved. It is highly speculative, involves a high degree of risk and may result in the loss of the entire investment. Before deciding to trade equities, debt securities, Exchange Traded funds, or engage in securities borrowing or lending and/or other related ancillary or capital market operations you should carefully consider your objectives and risk appetite. Client should exercise particular care in evaluating the risks involved and must decide whether in the light of the risks, investment is appropriate. This disclosure is not intended to be exhaustive and there may be other risks that are unknown while other risks, currently believed to be immaterial, could turn out to be material. The risk associated with one investment may differ from others and Client should take into account risk in relation to a particular investment. The Clients should also note that the information contained in this notice may become out-dated relatively quickly. You should not construe this risk disclosure statement as a business, legal, tax or accounting advice. The Client hereby acknowledges and accepts each of the risks listed herein and acknowledges and accepts that all of these risks could lead to the loss of the entire value of Client's investments under this Agreement.

A. Risks associated with Securities Trading

1. Overall investment risk

All securities investments risk the loss of capital. Many unforeseeable events, including actions by various government agencies and domestic and international political and economic events and other events of force majeure, such as acts of god, and certain other events beyond reasonable control (e.g. war, riot, urban unrest, terrorism), may cause sharp market and price fluctuations.

2. Market Liquidity

Some of the listed securities in which the Client may invest may be traded in very low volumes. There is therefore the risk that investments may not be easily liquidated.

3. Currency Risks

The potential for profit or loss from transactions in foreign currency-denominated securities (traded locally or in other jurisdictions) will be affected by fluctuations in foreign exchange rates.

4. Execution Risk

LCG, acting as a broker for the purchase, sale and/or investment in the Securities, may, on certain occasions, not be able to execute the purchase or sale or to undertake any action relating to the Securities in accordance with the investors' instruction. These occasions include, among other things, a situation where the market conditions are not favourable, the order cannot be

matched, the laws and regulations of the Exchange or other competent authorities impose limitations, etc.

5. Commission, Fees, Interest and Other Charges

All regulatory fees, commissions, charges are as approved by the regulatory authorities. The Client should obtain a clear explanation of all commissions, fees, interest and charges, and understand that these charges may affect the Client's net profit (if any) or increase the Client's loss. The Client agrees that he/she will be liable for these charges (as may be amended from time to time).

6. Settlement Risks

The procedures for settlement, clearing and registration of security transactions can give rise to technical and practical problems. In other cases, inefficient systems may result in delayed delivery of securities.

B. Risk of Margin trading (eg. share margin financing)

The risk of loss in financing a transaction by deposit of collateral may be significant. The Client may sustain losses in excess of his/her cash and any other assets deposited as collateral. The Client may be called upon at short notice to make additional margin deposits or interest payments. If required margin deposit or interest payment is not made within the prescribed time, the Client's collateral or positions may be liquidated at a loss without prior notification to the Client. The Client should therefore carefully consider whether such a financing arrangement with the firm is suitable in light of your own financial position and investment objectives.

C. Securities Borrowing and Lending

When the Client borrows securities he/she will be required to deposit a required level of collateral. The Client may be called upon at short notice to place additional deposits if the level of collateral is inadequate in relation to the market value of borrowed securities. If the required deposit is not made within the prescribed time, the firm may buy-back the borrowed securities without prior notification to the Client. When the Client lends securities to the firm, the Client temporarily loses legal ownership rights to the securities but in place, has a right to claim equivalent securities and dividends.

D. Risk relating to the investor's own investment

Each decision by Client to invest in Securities is his/her own independent decision. The firm is not acting as an advisor. Before making a decision to invest, the investors have confirmed that they have carefully studied and considered all information relating to the status, business, financial condition and operation of the company/entity issuing the Securities, including the underlying assets of or other information relating to the Securities in which the investors will invest, and other relevant factors relating to the investment such as political, economic, legal and regulatory conditions, as well as market conditions, demand, supply and price of the underlying goods of the Securities. As a result, the investors bear all risks from the investment and LCG will have no fiduciary duty to the investors and no liability in connection with and is not responsible for any liabilities, claims, damages, losses, costs and expenses arising from such investment.

E. Regulatory Risk

LCG is subject to various laws and/or regulations of relevant regulatory authorities. Any legislative or regulatory changes may impact the functions of the broker/dealer. All transactions performed by LCG will be executed in accordance with the relevant rules and regulations and any that fall contrary to the existing regulatory framework may be nullified by the regulatory authorities.

F. Non-Advisory Nature of Relationship

Unless the Client has a specific agreement with LCG for the provision of advisory services or fund management services, the Client should note and accept that the relationship with LCG in relation to the Client's securities and securities-related

transactions is purely execution-only. Whilst the firm will exercise all due care and skill at all times in the course of carrying out capital market services on behalf of the Client, all final investment decisions are taken by the Client and not the firm. The firm merely acts in a non-advisory capacity and executes orders on behalf of the Client unless otherwise specifically stated. The Client hereby acknowledges and accepts each of the risks listed herein and acknowledges and accepts that all of these risks could lead to the loss in value of Customer's investments under this Agreement.

G. Risk Relating to Online Trading

A Client can decide to trade electronically through the platform of his / her broker on his / her own account thereby taking responsibility for his / her action. Trading via an online trading portal is subject to certain risks including, but not limited to, technological glitches, time-lag between order entry and real execution due to delay in transmission, password compromise, viruses and other possible harmful elements that could corrupt, compromise, harm or otherwise impede the operation or performance of a computer system or network. The Client should ensure the maintenance of appropriate security measures in the operation of online account including using a strong password, keeping password and log in details safe, avoiding log in from public computers and keeping personal computers protected from viruses, etc.

I/We hereby irrevocably agree, upon demand to indemnify and hold the Company harmless from and against any and all losses and on demand to pay such amounts to the Company.

6. That the Company may rely on and enforce against me/us, and against my /our legal representatives, successors and assigns the provisions set forth in this instrument which shall remain valid and continue in force until modified, which modification shall be in writing and signed by the party against whom the same is sought to be enforced.
